RESPONSE TO OFFICE ACTION

Dear Sir:

In response to the non-final Office Action dated January 11, 2006, Applicants elect Group IV for prosecution on the merits (claims 9 and 10), and SEQ ID NO:2, with traverse.

At this time, Applicants request that at least claims 7 and 8 be rejoined and examined at this time with claims 9-10. Claims 7 and 8 are drawn to a method of diagnosing exposure to HCMV in a patient as are claims 9 and 10. The Office Action states that claims 7-8 are directed to a method of identifying T cells, which is inaccurate. Applicants believe that this grouping was made in error and request it be corrected so that claims 7-10 are placed in the same group and examined together.
